Who Worked When

Who Worked When?

► The question Who Worked When? is one employers have been asking forever. We help you answer this important question regarding your staff.

TimeHub is a cloud based, employee Time and Attendance system designed to improve the way businesses like yours track the hours' staff work.

TimeHub captures your employees' attendance where they are, using a Fixed or Portable Tablet (or even their smartphones) Stop using outdated methods like paper time sheets or punch clocks and let your employees clock in using the devices they are used to.

Once you have taken out the "human" element of calculating time sheets or time cards, the second thing you want to do is remove the need to key your time data, leave and allowances into your payroll. That's why we have created interfaces to all the key payroll systems in New Zealand.

- ⌚ No more paper time sheets or manual punch clocks and no specialist hardware
- ⌚ No calculating hours and keying data into payroll.
- ⌚ Employees can be verified using a Pin Number, Photo Verification and GPS Location.
- ⌚ Designed for a single location or mobile staff

## Our Payroll Partners

► We believe the key to effective payroll management and improving the speed and accuracy of your payroll process, is how you capture your data. The second key element is how you get your time, allowance and leave information into your payroll.

The fewer number of times your data has to be touched by a human the less the chance that errors will occur. That is why we are working with all the payroll providers in the market to provide you with a seamless data transfer.

We have designed TimeHub to work with your payroll of choice. These are the New Zealand Payroll providers we currently work with.

- Crystal Payroll
- Pay Sauce
- IMS Payroll
- Smart Payroll
- Flexitime Payroll
- ACE Payroll
- MYOB Exo Payroll
- Ezy Payroll
- MYOB Payroll
- Xero Payroll (NZ) (Coming Soon)

### Don't See Your Payroll Here?

We have tried to include all the main payroll providers in the market, but if your payroll is not listed we would be happy to discuss ways we can add them.
